

HI-SAN II

LAUNDRY SANITZER / CARPET DEODORIZER

Laundry:

Hi-San II is a concentrated formulation designed for use in commercial, institutional and industrial laundry operations. It is designed to eliminate odors that laundry detergents cannot handle. Contaminated or soiled fabrics that are treated with Hi-San II will inhibit the growth of many organisms not only at the time of exposure, but also through the handling and transportation until the garments are again laundered and treated with Hi-San II once again.

At 10 ounces per 100 lbs. of dry laundry, this product imparts to the fabric a residual self-sanitizing and residual bacteriostatic finish under humid or wet conditions (ie. Diapers and bed linens of incontinent persons) during normal conditions of use and storage.

At 12 ounces per 100 lbs. of dry laundry, this product provides sanitization against *Staphylococcus aureus*, *Klebsiella pneumonia*, *Pseudomonas aeruginosa*, Methicillin-resistant *Staphylococcus aureus* (MRSA) and it is effective against HIV-1.

CARPET:

This product cleans and deodorizes the carpet by controlling/reducing the growth of odor-causing bacteria. It is for use in industrial, and institutional, commercial and residential areas such as homes, motels, hotels, nursing homes, hospitals and schools.

Vacuum carpet thoroughly prior to application. Mix 1.1 ounce of product per gallon of water. Follow the injection and/or extraction procedures specified for your carpet cleaning system. For rotary floor machines, mix 2.2 ounces per gallon of water and spray on carpet at a rate of 300-500 sq. ft. per gallon. This concentrate is for use on washable synthetic fibers. Do not use on wool. Test color fastness of carpet prior to use.

SPECIFICATIONS

Color	Colorless
Clarity	Clear
Active Quaternary	10.0—10.5%
pH	6.0—8.0
Odor	Mild / Fragrance Free
